# INTRODUCTION

HFA Engineering Services was established in 2019 but is backed by combined experience and knowledge of over 20 years in the field. With our vast experience and skilled human resources, we are the solution provider to the most complicated of building facades & Engineering work. At HFA, our priority is to build trust amongst our clients and henceforth earn an unforgettable reputation for quality, reliance, and competitive spirit. We consistently meet and exceed our customer's expectations by assuring the best quality products, technical services and solutions. We take pride in dealing with every project as if it is our very own procreation. From people to resources, the meticulous eye of the management reviews the minor details of each project.
